

IDENTIFYING REINFORCERS

Preference Scales: **rating** of items from a selection of options

e.g. "Children's Reinforcement Survey Schedule"

Preference Lists: an array of choice options listed

Interview with Student: ask structured questions- open ended or multiple choice about desires, likes and dislikes

Interview with Parent or Teacher: ask questions about students likes/dislikes and what has worked in the past

Direct Observation: note the student's self-selected activities in various situations and what s/heshows an interest in
