

Screening Process for Students with Emotional/Behavioral Disorders

Brown, Lampert et al.

Should....

- **Be possible for teachers to complete without outside assistance.**
- **Be sufficiently simple for teachers to use without extensive training.**
- **Identify students who could benefit most from referral and through diagnosis.**
- **Discourage the teacher from labeling, categorizing or drawing conclusions.**
- **Neither invade privacy nor violate good taste.**
- **Not offer a threat to any student.**
- **Be inexpensive to use.**
